EAB 3

The collection of standing orders in the Soc. Dept is complete & is sent herewith.

2 The orders have been edited so as to retain the rule enunciated unencumbered with details of particular cases

3 It is proposed to arrange them in accordance with the scheme sent for approval last Friday

4 The words written at the top of each order are intended to serve as a guide in indexing.

9 The collection has been thoroughly revised and is herewith submitted with a table of contents for approval. The notes have been arranged under 3 heads namely 1 General 2. Mining and 3 Explosives. The Mines and Explosives Regulations are proposed to be printed as Appendices. The collection may perhaps be sent to the Geol. Dept for scrutiny. I have informally consulted Mr Subbaraya

The collection of papers received have been examined. It is believed that the compilation has been made in accordance with para 5 (i) of G.O.No.5924-72-G.M. 259-13-1, dated 3rd February 1914, which requires that manuals and standing orders should be compiled for each Department. The scope of these two classes of compilation has not been explained any where.

12 Though it has not been possible owing to pressure of other work to personally examine the collection myself thoroughly, yet I think it is fairly complete for a start and as the matter appears to be urgent it may be passed for print.

13 I would however submit a few observations.-

I General - Duties of the Department.- I observe that in the extract from G.O. No.36 D.H.O.M 1-90, dated 26th November 1894, the reference to the arrangements for the teaching of geology in Central College is omitted - evidently because the lecturing work has been taken away from this Department. If so the last para (5) of the extract in the compilation should also be omitted, because the laboratory of the Department has been taken away from the Geological Department and made over to the Agricultural Chemist's Department.

Japre Draw 26/12

14 Establishment. I would point out that G.O. No.508-9-S, dated 5th December 1904, regulating the pay of Assistant Geologists has been superseded by G.O.* No.2503-4-G.M.159-08-2, dated 27th October 1908, under

which the increments in the case of 1st Class Assistant Geologists are triennial. A copy of this Government ~~Ord~~ Order is put up.

15 II Mining. The order about consent of Government for extension of tramways on Mines (referred to as G.O. No. 700, dated 16-9-1913) may be omitted as it is only a letter of personal opinion on a reference to Railway Secretary and not a ~~Go~~ernment Order.

34 The only question now is whether any f.o.'s exist in the compilation require to be revised now in consequence of the reorganisation of the Dept. As to this stage I would suggest that the compilation now ready be approved by Secy. may be printed at once, & issued as collection of orders issued up to End of 1914. The orders of 1915 are being collected in the Efficiency Audit Branch for issue as a supplement at the End of the year — This is a convenient arrangement.
